

tingle + top

1 start here

Insert threaded connector into hole on top (hard top or cushion top)

2

Guide the threaded insert into the hole on the tingle base and turn

3

sit and enjoy!

what you get

- tingle stool base
- hard top OR cushion top
- threaded connector shaft

assembly

1. Insert and screw connector shaft into bottom of seat (hard top OR cushion). Screw it in clockwise until it stops or is roughly 1cm inserted.
2. Position top over tingle base well and align shaft with corresponding threaded hole.
3. Spin Top clockwise until securely fastened being careful to not over tighten it.

NOTE: Tingle tops and cushions must be screwed down firmly until underside of cushion is firmly against internal floor of stool. Failure to do so may damage cushion and or thread.

dos & don'ts

- don't - over tighten top, this may damage the tingle base or top
- don't - throw, kick, roll or jump on the tingle
- do- enjoy and have fun!

tingle
