

Yokozuna

Ozeki

Juryo

sumo

The ottoman, an oft understated item of furniture, is muscling its way into living rooms across Australia in the form of Sumo. Sumo will make a statement with its inherent chunkiness. The expansive flat top of Yokozuna means it's perfect as a coffee table that can double as an extra seat or footrest. Ozeki is the perfect middle ground while Juryo is ideal as a footrest or extra stool.
