

**Verner Panton  
& P. Lassen, DJOB designers**

Lead Time: stock  
(otherwise 10 -12 weeks)

Wire cube has been developed in collaboration between Verner Panton and Peter Lassen, and appears as a further development of the Wire Cube, Verner Panton from 1970.

Wire Cube units are the perfect item for storage as well as display. Made of chrome plated iron wire the Wire cube can be horizontal, vertical, wall mounted or freestanding.

Wire Cubes' simplicity not only creates interesting aesthetics for storage but it is practical and useful. This versatile cube works great in numbers for any application including both residential and commercial use in the office, in retail stores, kitchens or bathrooms.
